"Empowering All, One Resource at a Time!"

BetterResources is the ultimate student resource platform—connecting students to life-changing academic, financial, and mental health resources **all in one place**. No more searching endlessly for help—**BetterResources puts the support you need right at your fingertips.**

The Problem:

In today's educational landscape, students face many challenges that can hinder their academic performance and personal well-being. These challenges include financial constraints, mental health challenges, and a lack of accessible support services. Existing solutions often fail to provide a centralized, user-friendly platform that comprehensively addresses these needs. As a result, many students struggle to find and utilize the resources necessary for their success and well-being.

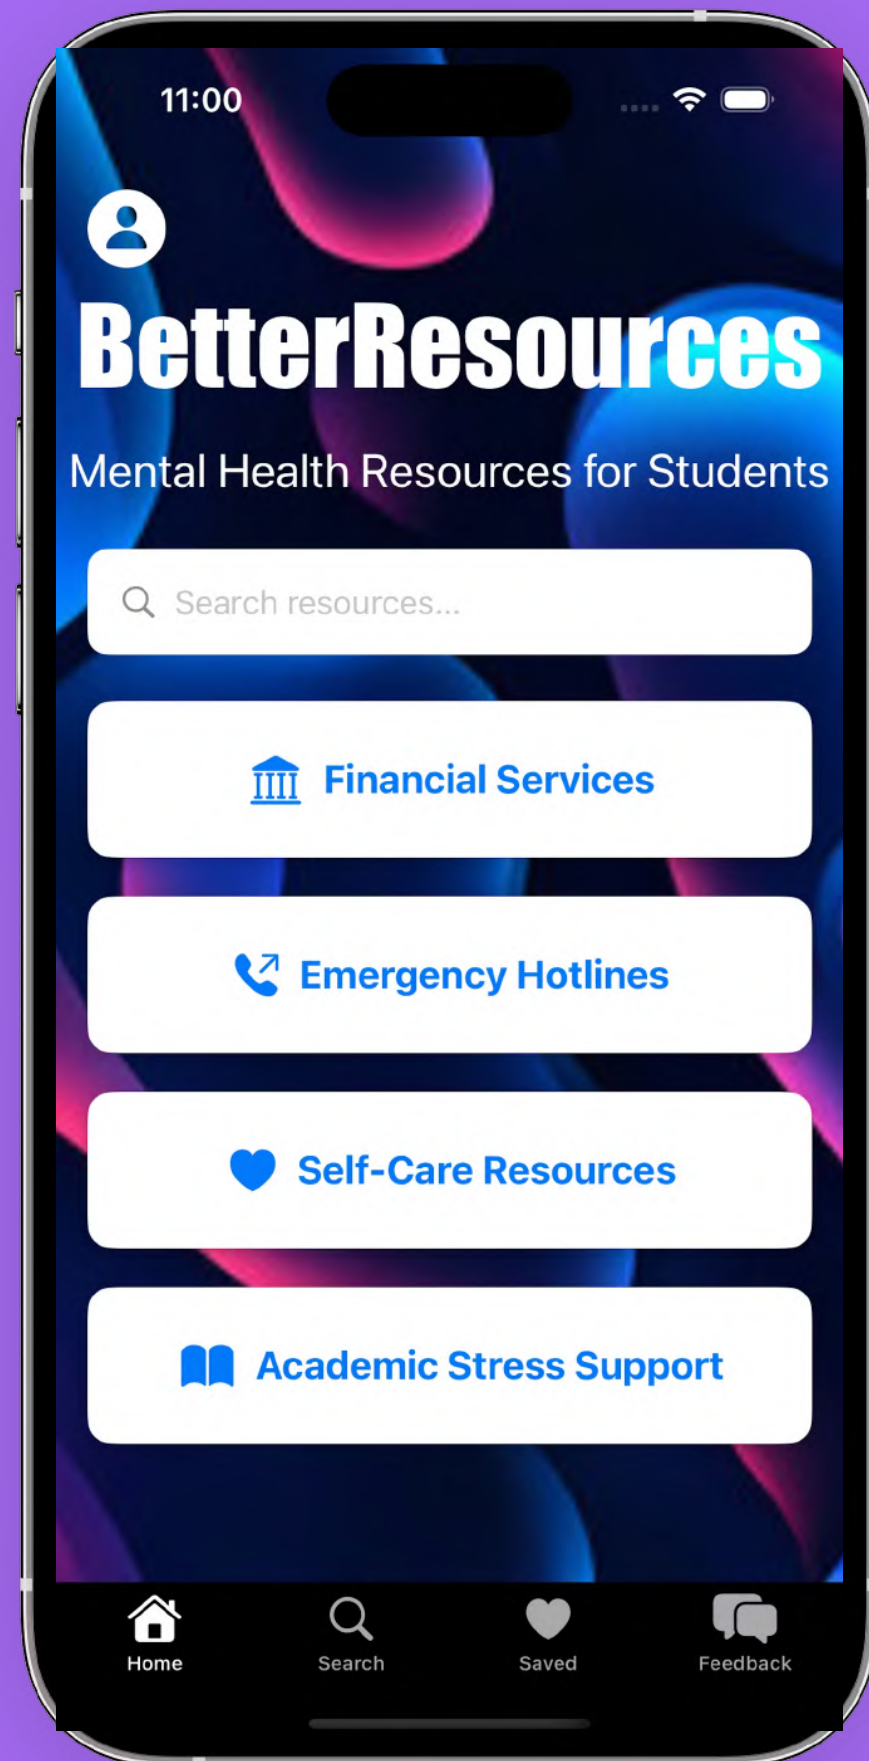

What?

BetterResources is a mobile application that uses existing goods and services and displays them in a user friendly way. By providing students with crucial resources in areas such as mental health, financial aid, academic support, housing, food and clothing, we believe that we can help students improve their lives and help create a more sustainable world for everyone.

Why?

- 46% of college students rated their mental health status as fair or poor, but only 20% of those students sought help at their school.
- 35% of college students said they were uncomfortable asking for help with their mental health.
- 63% of University Students report Skipping meals due to lack of money for food.
- The average college student has less then \$1000 dollars in their bank account.
- 30% of food is thrown away and goes to waste.
- \$500 billion is lost each year because of under-wearing and failure to recycle clothes

Solution

The BetterResources App allows you to find, note and save local resources dedicated towards mental health, financial aid, and academic support.

Our resource app is there to help students reach their fullest potential by providing them with the resources to deal with any obstacles they face throughout your college journey.
